Mr. H. G. Stott,  
600 West 59th Street,  
New York City.

Dear Sir:-

Enclosed herewith please find copy of a paper by yourself and Mr. Pigott, for any corrections or changes you may care to make previous to its publication in the Transactions. As we are ready to revise this and print it for the Transactions now, an early reply will be appreciated.

Very truly yours,

-N-

Editor.

September 22, 1910.

Mr. Henry G. Stott,  
600 West 59th Street,  
New York City.

Dear Sir:

With this letter we send you a copy of your paper as printed in the Institute Proceedings for September 1910, in order that you may now approve it for publication in the annual Transactions, or at once make any desired corrections.

We aim to publish this year's Transactions promptly at the close of the year, and in order to do so the papers must be printed from time to time during the year as soon as the discussions are available. Will you kindly cooperate with us to this end by returning your paper with corrections at your earliest convenience.

Very truly yours,

Editor.

-G.

October 10, 1910.

Mr. H. G. Stett,  
600 West 59th Street,  
New York City.

Dear Mr. Stett:

I enclose postal card notice of the meeting at  
Pittsburg, where your paper is to be read, as I told you  
on Saturday.

This reminds me that we have as yet received no  
final revisions of your paper, for printing in the first  
volume of the Transactions for 1910. We have now reached  
in the printing of this volume, the date when your paper  
should follow. Unless we hear from you to the contrary  
therefore, we will proceed with the printing at once,  
assuming that it was correct as it appears in the Septem-  
ber Proceedings. The work is now about six months  
earlier than usual, and unless some unforeseen contingency  
arises, we hope to be able to distribute the bound vol-  
umes next year before the summer months.

Yours truly,

Secretary.

Enclosure.

# American Institute of Electrical Engineers,

33 West 39th Street, New York.

LOUIS A. FERGUSON, President.

GEORGE A. HAMILTON, Treasurer.

RALPH W. POPE, Secretary.

NEW YORK, *Oct 31 1908*

*Mr. G. Stall*

The stenographer's report of your remarks at the last meeting of the INSTITUTE is sent you herewith for revision.

*The Editing Committee* requests:

1. That you *condense* the notes as much as possible, striking out all matter that can properly be considered as irrelevant, discursive, or contrary to fact; but do not strike out any matter that has been referred to by any other speaker.
2. That you add no new matter to the notes: any new matter that you may desire to add should be sent as a separate communication.
3. That you furnish finished drawings of all blackboard diagrams referred to in the notes.
4. That you have the corrected notes rewritten by a typewriter, with double space between lines, and return the stenographer's report with the rewritten notes within 10 days.

In the event of your failure to comply with these requests within the time stated, the *Editing Committee* will be compelled to exercise its discretion with regard to the rearrangement and publication of these notes.

*The Editing Committee.*

HENRY G. STOTT  
600 WEST 59<sup>TH</sup> STREET  
NEW YORK

October 19, 1910.

Mr. R. W. Pope,  
Secy., A. I. E. E.,  
33 West 39th St., City.

Dear Sir:-

I return herewith proof of the paper on Test  
of a 15,000 Kw. Steam-Engine-Turbine Unit. I have  
noted a number of corrections in the paper, most of  
them clerical.

I would also ask that you include in it the  
part of my letter answering the discussion, which is  
printed in the October Journal of the A. S. M. E., as  
I consider this quite important.

Yours very truly,

*H. G. Stott*
