For how long a period have you personally known the applicant?

About 20 years.

Are you of the opinion that (a) his character is such that if transferred he will prove a creditable FELLOW of the Institute, and that (b) he meets the other constitutional requirements for the grade of FELLOW?

(a) I am ..... (b) He does .....

Kindly state instances within your personal knowledge of important work in the field of electrical engineering or the allied arts performed by the applicant, and your opinion of such work.

Dr. Wickenden, President of Case School of Applied Science, has a very long educational record to his credit, but it is hardly necessary for me to enumerate them. Here in Cleveland he is regarded as our most prominent member of the Institute, and I can only say that I believe he has all the qualifications necessary to advance him to the grade of Fellow.
