LYNN, MASS. Aug. 11 '98.

Ralph W. Pope, Secretary,
26 Cortlandt St., New York, N.Y.

Dear Sir:-

In reply to your request of August 9, transmitted from the Board of Examiners, I would say that from my knowledge of Mr. William Stanley I would heartily recommend his transfer to full membership. I suppose the inquiry is largely a matter of form as everybody must know Mr. Stanley's experience is amply sufficient to constitute him a desirable member.

Yours very truly,

Edwin Thomson

Mr. R. W. Pope,

New York .

Dear Sir:-

Received your letter of August 9th regarding
Mr. W. Stanley.

While I have not met Mr. Stanley recently, I have met him very frequently before, and had considerable discussions with him on alternating current and other electrical problems, which have satisfied me that Mr. Stanley is more familiar with, and has a clearer intuition into alternating current phenomena than any electrical engineer I know of. So that I am confident that, if anybody, Mr. Stanley ought to be a full member of the American Institute of Electrical Engineers.

Yours very truly,

CPS/EJH
