Mr. Henry G. Stott,  
President Am.Inst.of Elec. Engrs.,  
600 West 59th St., N.Y.City.

3168

Dear Sir:-

Mr. Edward R. Taylor of Penn Yan, New York, one of our Associates, who states that he met you in Niagara last year, called here this morning, and requested me to transmit to you the enclosed advance copy of a paper on Forestry and Water Supply presented by him at the meeting of the American Electrochemical Society at Albany, last week.

Mr. Taylor expects to attend the conference in Washington, next week, and asked particularly if you would be there. I told him that it was my understanding that that you intended to attend the conference.

Mr. Taylor requested me to obtain for you before you go to Washington the third annual report of the New York State Water Supply Commission, just published.

I have therefore written for this report to-day.

Very truly yours,
