Dear Sir:-

I have your communication of August 8th notifying me that I have been appointed by President Buck, Vice President of the U.S. National Committee of the International Electrotechnical Commission, for the administrative year beginning August 1, 1916.

It is especially gratifying to me to accept the honor of this appointment, because I have always been much interested in the work of this Commission since it was organized.

I shall be glad to do what I can in the work of the Commission.

Yours very truly,

*Francis B. Crocker.*
