Dear Gus:

Want to thank you very much for agreeing to take over the Chairmanship of the Professional Groups Coordination for the coming year. Your experience will be a great help particularly in this coming year of integration with AIEE. I agree with you heartily that it would be desirable to have at least two people of high quality either of whom will be able to take over from you in another year. Please let me know who the committee personnel will be.

Again .. thanks a lot on agreeing to take over the job again this year.

Sincerely yours,

TO WHOM IT MAY CONCERN:

I have known Mr. Gunther Karger professionally as well as personally for 3 1/2 years. During these uninterrupted years of association with Mr. Karger I have known him to be an energetic and highly resourceful engineer. Mr. Karger has the rare quality of successfully completing difficult jobs with little or no help and supervision.

His personal relations with fellow employees, supervisors (of which I have been one), clients and subcontractors have been excellent.

Mr. Karger has shown that he puts the interests of his employer foremost, and has never hesitated to make available to his employer his wide list of professional acquaintances and contacts.

His notable activity in the IEEE demonstrates his efforts at furthering his profession.

Very truly yours

*Manfred Westheimer*

Dear Gus:

I am writing on behalf of Dr. R. K. Hellmann to express our sincere appreciation for your efforts during the past year as Editor of the IEEE Communication Technology Group NEWSLETTER. Your service has helped to keep the members of the Com Tech Group informed of new developments in Communications and has strengthened the operations of the various Chapters and Technical Committees of the Group.

We also wish to thank your employer for his permitting you to work with us in the IEEE and for the supporting use of your company staff for handling your correspondence and record work.

I am very happy that you will be able to continue for another year in the Editorship, and I am anticipating even greater accomplishments during the coming twelve months.

Warmest personal regards,

Dear Mr. Karger,

On this occasion, the 1966 Annual Meeting of the Canaveral Section IEEE, we are pleased to award you this letter of appreciation for outstanding service rendered as Secretary.

Through your superior efforts, the Institute of Electrical and Electronics Engineers was able to most effectively serve its members and the engineering community.

Please accept our sincere appreciation for a job well done.

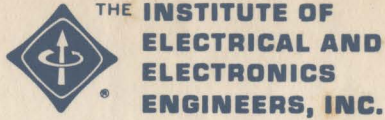

Sincerely,

Dear Mr. Karger:

I am pleased to tell you that the Executive Committee has recommended your appointment as a member of the Membership and Transfers Committee of the IEEE for the year ending December 31, 1967. I would appreciate receiving your early acceptance of this appointment so that the work of this Committee can get under way.

You may use the enclosed copy of this letter for your response. A return envelope is enclosed for your convenience in replying.

Committees, as you know, are the backbone of our society. The activity of committees is the major way in which we accomplish the work of the Institute. As a member of this Committee, you will be in a position to make a major contribution to your profession.

We hope that you will find it possible to accept this appointment.

Very sincerely,

Donald G. Fink

Dear Mr. Borders:

On behalf of the IEEE Communication Technology Group I would like to express our sincere appreciation to you and Pan American for the support given to our Group activities through the services of Mr. Gunther Karger since 1963. Mr. Karger has served the Group with dedication and effectiveness as Editor of our Group Newsletter. He has made this newsletter a very effective means of communication between the Administrative Committee of the Group and the membership at large. His enthusiasm and hard work have been an inspiration to others of us who attempt to carry on the business of the Institute.

It is only through dedicated service of such men as Gunther Karger and the support given them by their companies that the Institute can serve the needs of the profession it represents. We sincerely appreciate both the work of these individuals and the support their companies give them, which enables them to do this work effectively.

Sincerely,

Dear Mr. Karger:

On this occasion, the 1967 Annual Meeting of the Canaveral Section, IEEE, this letter of appreciation is awarded to you for your outstanding leadership in many areas of Section activity as Section Vice-Chairman.

Your efforts have covered a wide scope of Section functions, including the chairmanship of the Region III Convention Steering Committee, as well as the promotion of greater Group activity within the Section and the effectiveness of our Section's publicity and public relations.

Your superior efforts were key factors in accomplishing our Section's objectives this year. Please accept our sincere appreciation.

Dear Gunther:

I appreciated your writing to me with the interesting news of your trip to Australia with Mrs. Karger. I was glad to hear of your meeting with Mr. Kenneth G. Knight, the General Secretary of IREE, and your talk with Professor Huey. As you probably know, we have been cooperating with the Australian society in a few areas for some years and recently have urged that some of our members in Australia consider the formation of a Section. As of the end of 1966 there were 265 IEEE members in Australia and 54 in New Zealand. The cooperative attitude of the Australia society suggests that they may be helpful in getting the Section started.

I was glad to hear that you are looking forward to a successful year at the Cape Canaveral Section. I know that the Section is fortunate to have you as its president.

I am sending copies of your letter to Vice Presidents Herwald and Blackmon for their information.

With best wishes.

Sincerely,

W. K. MacAdam

Dear Gunther Karger:

I am pleased to inform you that on 01 January 97 you will become a Life member of the Institute of Electrical and Electronics Engineers, Inc., a status reserved for those who have had a great deal of experience in the profession and a long association with the IEEE. This membership does not alter your privileges or responsibilities in the IEEE, but does mean that IEEE will waive any future annual dues. A special gold colored Life Member card is enclosed.

Recently you received your IEEE Life Member Profile form which enables us to maintain your record of services. We apologize for any confusion caused by receiving the Life Member Profile in advance of this letter. Production delays put us behind schedule, but we did not want to delay sending your Profile. We hope this situation has not caused you any inconvenience.

Attaining the Life member status is a true distinction and your achievement will serve as an inspiration to others along the way. Please accept my congratulations and best wishes for a continued fruitful association with IEEE as a Life member.

Sincerely,

Wallace S. Read  
1996 IEEE President
