Dear Mr. Hutchinson,

The wrong address in the Year Book of 1921, has caused trouble & delays, as so many of my correspondents seem to use this book for the address instead of that on my letter heads.

Your office has acknowledged this error made last year, & my object in writing you now is to make sure that it will not occur again in this years book.

My office address & residence address are the same, but I do not like it to appear so in your list; so please use 1317 Spruce as my regular address. If it is customary or desirable to also add a residence address then make it "res. Engineers' Club, Phila."

That was a fine meeting last week.

Yrs truly  
Carl Hering
