Mr. F. L. Hutchinson, Secretary

American Institute of Electrical Engineers,
33 West 39th Street, New York.

Dear Sir:-

In view of the contemplated presentation to Mr. Westinghouse the latter part of this month of the Edison gold medal, Mr. Westinghouse has asked me to write you and inquire whether you would be kind enough to give him a little information in regard to the founding of this medal, i. e., when it was founded, how often it is conferred, and the names of those who have already received it. Perhaps the Institute published a pamphlet in regard to this medal. If so, Mr. Westinghouse would be obliged to you if you would be good enough to send him a copy of it.

Respectfully,

and file
H. C. Toner
Secretary.
