The
Electrical Construction and Maintenance Co.
Telegraphic and Electrical Engineers,
Manufacturers and Contractors.

134 Sutter Street.

San Francisco, July 15 - 1875

My dear Frank.

I have just returned from Portland Oregon where I have been putting up an Automatic Fire Alarm. I find among my papers awaiting me a Telegram from you advising me of your sister's prospective arrival on or about the 25th of June.

I regret exceedingly not having been here to extend the hospitalities of my mansion to her, should she or any other of your friends come this way again you may be sure that I will do every thing in my power to render their stay a pleasant one.

I am doing well. Our District Co. pays expenses and has no profit the second month of its existence, We have 160 subscribers and still they come.

Yours truly

Stephen Field.
