New York, Feb) 21st 1896.

Ralph W. Pope Esq.,

Sec'y. American Institute of Electrical Engineers,

Dear Sir:-

Your query regarding Mr. Henry G. Stott to hand. I have pleasure in saying that I have known Mr. Stott for some years, he was formerly employed by the Anglo American Telegraph Co., as Ass't Electrician on board their repair ship the "Minia" he left there to get into a wider field of work and has always been spoken of very highly by his late employers.

I believe he is now in a very good position with an Electric Lighting Co., in Buffalo.

I have no hesitation in saying that I think he is fully qualified to become a Member of the Institute.

Yours faithfully,

(Signed.) Chas. Cuttriss.

Ralph W. Pope Esq.,

Havemeyer Building.

Dear Mr. Pope:-

I beg to acknowledge your kind favor of yesterday's  
date, enclosing the record of Mr. Stott, whom I now well recall.  
I would recommend his transfer to the class of members.

Very truly yours,

(Signed.) A. E. Kennelly.
