AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS

33 WEST 39TH STREET, NEW YORK, N. Y.

13761

APPLICATION FOR TRANSFER TO THE GRADE OF FELLOW.

QUALIFICATIONS FOR TRANSFER.

The qualifications for transfer to the grade of Fellow are set forth in Article II, Section 4, of the Constitution, which is printed on the last page of this form. Applicants are urged to read these extracts carefully in order that they may have a perfect knowledge of the constitutional requirements.

Applicant's name WILLIAM. H. HARRISON

Present title or occupation Plant Engineer

Business address American Tel. & Tel. Co., 195 Broadway, New York City.

TRANSFER FEES AND DUES.

- Transfer fee from the grade of Associate to that of Fellow, Ten (10) dollars.
- Transfer fee from the grade of Member to that of Fellow, Five (5) dollars.
- The annual dues for the grade of Fellow are Twenty (20) dollars.

REFERENCES.

Sec. 10 (Constitution). Applicants shall give references as follows:

For the grade of Fellow, to five Fellows.

Should an applicant for the grade of Fellow, either for direct admission or for transfer, certify that he is not personally known by five Fellows, the Board of Examiners may accept, for the deficiency, references to five professional engineers of standing. (This clause has been interpreted to apply only to applicants whose location or conditions of work are such that it is unreasonable to expect them to make reference to members of the institute.)

References should be selected who have personal knowledge of the applicant's engineering experience.

As references occasionally fail to reply promptly to inquiries, it is suggested that applicants furnish more than the required number of names.

REFERENCES.

<i>Fellow</i>	<u>C. O. Bickelhaupt</u>	<i>Fellow</i>	<u>H. S. Osborne</u>
<i>Fellow</i>	<u>H. P. Charlesworth</u>	<i>Fellow</i>	<u>K. W. Waterson</u>
