Dear Dr. Wheeler:-

I am in receipt of the following letter from
Mr. P. F. Rowell, Secretary, The Institution of Electrical
Engineers, London, under date of September 2, 1921:

"Dear Sir:

"I shall be very much obliged if you will
obtain for me for publication in the Insti-
tution Journal a signed obituary notice of
the late Professor F. B. Crocker. The notice
should not exceed 750 words in length and
should reach me if possible not later than
1st October."

I enclose a copy of the obituary notice that
was published in the August issue of our JOURNAL, which,
however, as you can readily see, was not as complete as
it might have been. It occurs to me that possibly you
may be willing to comply with Secretary Rowell's request;
if so, will you kindly forward a reply either to this
office or directly to Mr. Rowell, sending a copy to me
for my information?

In case you think the obituary notice pub-
lished in our JOURNAL is sufficiently complete, please
advise me and I will forward a copy of it to Secretary
Rowell.

Very truly yours

Dear Mr. Hutchinson:--

I find that I have not done anything in response to your letters of September 13th and October 20th about a signed obituary notice of Prof. Crocker for Mr. Rowell, Secretary, The Institution of Electrical Engineers of London.

I have been so pressed with obituaries of Crocker and other work, that I neglected this and presume they made some other arrangement and that the matter is dead now.

Please let me know.

Yours very truly,

J. S. Wheeler

Dear Dr. Wheeler:-

I have your letter of December 15th with reference to the obituary notice of Professor Crocker which was desired by the Secretary of the Institution of Electrical Engineers, of London.

We took no further action in the matter after writing you, and while it is perhaps rather late to forward the information, still, as you probably have material already prepared which would be suitable for the purpose, I would suggest that you forward a copy to Secretary Rowell.

We have endeavored to ascertain whether the Journal of the Institution has contained an obituary notice, but copies of the Journal do not reach our Library until several months after the dates of issue, and nothing has been printed in the issues on file in our Library.

Very truly yours,

FLH:C

Secretary.
