*Mr. F. P. Phelps  
is not  
personal*

Dear Mr. Hutchinson,

I do not know whether it is ethical for me to notify you of a "personal" regarding myself, in the Journal, please consider this letter as a personal matter & destroy it. Both Chem. & Inst. Eng. & the El. World had <sup>published</sup> notice of it hence you can take it from them, except that the El. World had "Bethlehem" instead of Baltimore.

*W. Phelps

personal*

It is that at the recent meeting of the American Electrochemical Society in Baltimore I received the rather exceptional honor of being elected an Honorary Member. I enclose a marked copy of their Bulletin.

I appreciate this all the more because I was one of the three who started the founding of this society & I have always had a fatherly fondness for its success.

*Personal*  
Yours truly  
Carl Hering

Philadelphia, Pa.

Dear Dr. Hering:-

This will acknowledge receipt of your personal letter of the 1st instant, from which I learn for the first time of your election to Honorary Membership in the American Electrochemical Society.

I take this opportunity of extending my congratulations on this well deserved honor; and I am turning your letter over to our editorial department in order that a brief personal note may be prepared, which, however, cannot be published until the July issue, as our June issue is already closed.

Very truly yours

Secretary

Philadelphia, Pa.

Dear Dr. Hering:-

When I wrote you on June 2nd I stated that we would be unable to publish in the June issue of the Journal a note regarding your election to Honorary Membership in the American Electrochemical Society. The publication of the issue was delayed, however, for several days in order to include papers to be presented at the Niagara Falls convention; and I am glad to say that we were able to include a note in the June number, on page 128 of the news section.

Very truly yours

Secretary

PHILADELPHIA, PA. June 21/22

Dear Mr. Hutchinson,

Thanks for your kind favor of the 20<sup>th</sup> about that "personal", & your kind attention to the matter.

It has probably been asked of you by others, whether the exchange rate on Canadian money makes it worth while to provide oneself with Canadian money; I assume the hotel rates are in that money. What are you & others going to do. Is the difference worth the nuisance?

I expect to arrive there Tuesday morning & will leave Thursday night.

Hope I can dispose of my paper Thursday night before the night train leaves.

Yours truly  
Carl Hering

JUN 22 1922

June 22nd, 1922.

Dr. Carl Hering,  
1317 spruce Street,  
Philadelphia, Pa.

Dear Dr. Hering:-

In answer to your note of June twenty-first, I wish to state that I do not believe that the exchange disarrangement at the present time is sufficient to warrant the conversion of funds into Canadian currency incidental to attendance at the Annual Convention. The present rate is only one and one-half percent.

Very truly yours,

Secretary.
