B POSITIONS HELD IN "A".

Check the most important positions you have held, and follow by number of the branch checked under "A."

For example, a consulting heating and ventilating engineer should mark the list below as follows:

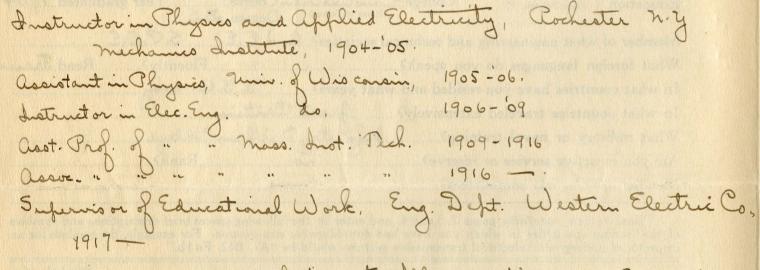

"A/2 Consulting Engineer A9"

| 1 Appraiser | 8 Erecting Engineer | 17 Operating Engineer | 28 Teacher V |
|----------------------------|--------------------------|---------------------------|---------------------|

RECORD OF EXPERIENCE.

Please give below an account of your engineering and technical experience, bringing out in particular any line in which you are especially proficient.

Give approximate dates of your experience in each case—this is most important.

Consultant in motters relating to Illumination, and Central Station problems at various times.

Continue on a separate sheet if necessary.
