## IEEE GROUP CORRESPONDENCE

### C A L L FOR P A P E R S

#### 1. PAPERS ON FILTERS

The June issue of the Transactions on Electromagnetic Compatibility will be devoted to the subject of Filters. Although we have a number of papers already available, we want to make sure that no important work has been overlooked. Please address your reply to the Editor of the Special Issue on Filters:

Dr. Heinz Schlicke  
8220 N. Poplar Drive  
Milwaukee, Wisconsin 53217

The Filter issue of the Transactions will be published in June 1968. Any additional papers should be in Dr. Schlicke's hands not later than 15 January 1968.

#### 2. PAPERS ON EMC

Papers on Electromagnetic Compatibility, Radio Frequency Interference and Radio Spectrum Utilization are now on call. The earlier you can get them to us, the better. If accepted, they will be published in the 1968 Fall issue of the Transactions on Electromagnetic Compatibility. Share your work, your ideas, your philosophy, your Engineering Applications with your colleagues. EMC is a mutual thing. Let the rest of us know what you've done, your solutions to EMC problems, your mathematical approaches, your test results. Send your papers to the Chairman, Technical Papers Committee:
