

CARL HERING, D. Sc.  
CONSULTING ELECTRICAL ENGINEER  
1317 SPRUCE ST.

2591

PHILADELPHIA PA. Jan. 14/24

Dear Mr. Mitealpi,

I see you got my filler  
into the Jan. issue p. 43. As I like to  
keep two files of everything I publish  
& do not like to cut up my regular  
copy, could you kindly cut this page from  
some of your cut office copies & send  
them to me.

I have already rec'd one reply to  
it from a former opponent who now does  
not jump on me, so I feel that I am  
beginning to win out on my "heresies." You  
will have no reason to regret having  
published this filler.

With kind regards

Yrs truly  
Carl Hering
