

College Hill Mass. Sept. 14

Mr. George Walker  
Vice Pres. G. & S. Tel. Co.

Dear Sir

Your telegram reached me  
before the article of agreement  
but I sent a telegram to you  
as soon as I could reach an  
office, after deliberation.

I find no fault with it  
it is as I understood the  
case when conferring with  
you. I have added a few  
lines which I deem to be  
important.

I have already one important  
improvement which I shall  
send to you as soon as the

papers are completed.

Have already begun work upon the prospective help in efficiency and hope that I may succeed in making the invention more useful than it now is.

Yours truly  
A. E. Dolbear
